**DESIGN ~ PLANNING ~ CONSTRUCTION**

Dear Sir:

I really appreciate this opportunity to tell you about our company. It is always difficult to select a contractor in an unfamiliar geographical area. Reputation becomes as important as pricing in the decision process. We are very proud of our reputation as skilled, conscientious professionals and we are always happy to be of service.

We have been a resource to area industry since 1978 - taking pride in the work we do and in the companies who rely on us for construction and maintenance. Not only is our professional reputation important - but on a personal level, we are neighbors. I believe this link between personal and professional obligations is what has made our company so successful.

We concentrate on three areas of construction:

- Commercial Buildings
- Underground Utilities
- Paving and Grading

We offer:

- Competitive Pricing
- Conscientious construction teams
- A design team that asks questions - not demands conformance
- Quality control through CADD design and shop fabrication
- Full insurance coverage, including worker compensation

We are happy to send send a brochure to familiarize you with our services and key personnel. Please call if I may be of assistance. We are looking forward to an opportunity to make a new friend, and to help you meet your needs.

Sincerely,

*Ronny Watkins*
